

Wastewater training

Explain the process visually

Screening and grit removal are shown alongside what continues to treatment.

Anonymized excerpt from the original learning material. Employer identifiers are omitted.

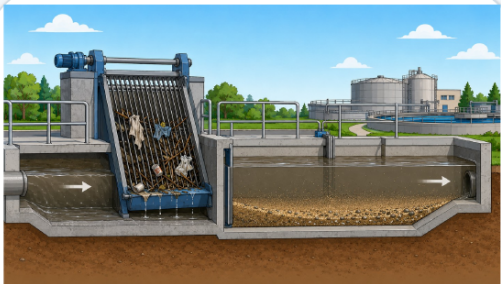

Wastewater training

Let the learner decide

CHECK YOUR UNDERSTANDING 1

What belongs to screening vs. grit removal?

Use the visual clues to decide where each item is removed.

Question: Which items are caught by the screen, and which settle out as grit?

Sort these items

1 Wipes	2 Plastic bottles
3 Rags	4 Sand
5 Small rocks	6 Gravel

Pause → decide → advance to reveal

Participants sort six items before seeing the answer.
